OAHHS ANNUAL MEMBER RETREAT
JULY 17-19, 2019
SUNRIVER RESORT

PROGRAM AT A GLANCE

WEDNESDAY, JULY 17

12:45 p.m.: Registration Opens at Homestead

1:15 p.m.: Keynote Speaker: Ross Armstrong, Senior Vice President from Lumeris
How a Hospital or Health System Can Assess the Risk of Move to Value Based Contracting

As Oregon's health care system continues to transform and providers move to value-based contracting, Ross will share a perspective with us as many hospitals in Oregon begin to move more aggressively in this direction. As Oregon law, tied to public payers is creating a glidepath to a mandate by 2023 and CMS is requiring such arrangements, we need to be positioned to be leaders in these conversations.

2:15 p.m.: Lessons Learned from the Frontlines of Risk-Based Contracting

This will be a member panel with providers and payers who will share their experiences in moving to value based payments. We will here about what worked, what didn't work, and what the future looks like in a candid, facilitated conversation by our consulting partners Tenfold. This session will be followed by a presentation from the association staff outlining where current legislative efforts are and action plan for member education during the interim.

5:30 p.m.: Dinner and Family-Fun Festivities at Besson Commons

Our highlight social event of the year. Join nearly 300 health care leaders in Oregon, along with their family and friends to have dinner, play games, and honor some outstanding hospital leaders. We will present our 2019 Lifetime Achievement Awards during this time. Come hungry too as dinner and drinks are provided.

**This abbreviated agenda does not include the morning meetings for the various subsidiary board meetings – Apprise Health Insights and OHPAC.*

THURSDAY, JULY 18

7:30 a.m.: Breakfast and Vendor Exhibition

8:00 a.m.: 2019 Legislative Overview: How did we do and what's still to come?

As we are coming off a long legislative session, our policy and advocacy team will lead a presentation recapping the highlights of 2019. We will also layout timelines for new regulations and any education that the association staff is working on to assist our members with complying to new regulations and laws. In addition, our team will moderate a legislative panel as we have invited key legislators to participate in this meeting and share their perspectives on how this year went and the role hospitals played.

Dr. Rideout is currently President and CEO of the Integrated Healthcare Association (www.iha.org). The Integrated Healthcare Association is a California, statewide multi-stakeholder leadership group that promotes quality improvement, accountability and affordability of health care. IHA operates one of the nation's largest Alternate Payment Models, covering nearly 10 million HMO members and maintains one of the nation's largest All Payer Claims Data Bases, covering quality and total cost of care performance for over 29 million Californians across commercial HMO, PPO, ASO, individual, exchange, Medicare, Medicare Advantage and Medi-Cal.

Dr. Rideout will lead a conversation about his experiences in California about developing a statewide, multi-stakeholder collaborative to drill into the total cost of care and understanding the drivers in the system and where there is collective opportunity for change. This will be followed by a facilitated panel of Oregon stakeholders and what our goals are in moving this type of work forward. It will link with some of the strategic initiatives outlined in the association's upcoming strategic plan and efforts currently underway in the Oregon Legislature. Panelists have been invited and will be confirmed prior to the event.

Vision 2022: The Adoption of the Association's Strategic Plan

The association's strategic plan has been in development for the better part of a year through extensive member interviews and research, culminating with a multi-discipline half-day retreat. Members of our strategic planning taskforce will present the process and the overall strategic plan for the next 3 years to the full membership. It will then be adopted by the OAHHS Board of Trustees.
